SKILLS

- Java
- C/C++
- JavaScript
- React
- Express.js
- MongoDB
- Appwrite
- Firebase
- VS Code
- Shadcn/ui
- Tailwind CSS
- Google Console
- Cloudinary
- Mapbox
- AWS (EC2, Lambda, S3 Storage)
- Front-end frameworks
- Cloud computing platforms

PROFESSIONAL SUMMARY

Motivated Full-Stack Developer with expertise in the MERN stack, skilled in building scalable and efficient web applications. Passionate about developing high-quality software solutions and continuously enhancing my knowledge of SDLC, cloud services, and modern development practices. Seeking opportunities to contribute innovative coding solutions and improve development processes in a dynamic environment.

WORK HISTORY

Internship - Software Development Intern

Jaipur, India (Remote) • 01/2025 - Current

- Currently working on an Inventory Management Application using MERN stack
- Developing features for managing stock, users, and real-time analytics
- Implementing role-based access control and efficient database management
- Collaborated with cross-functional teams to design, develop, and deliver high-quality software products on time.
- Participated in code reviews, providing constructive feedback for continuous improvement within the team environment.

PROJECT

Minor Projects-

Password Generator, Background Changer, Theme Changer, UI Color Picker

Major Projects-

SnapGram (Social Media Platform)-

- Developed & deployed using React, Appwrite, and Tailwind CSS.
- Implemented user authentication, post creation, likes/comments, and real-time updates.
- Integrated Cloudinary for image storage and optimized database queries using MongoDB.

RoomEase (Room Sharing & Renting Platform)

- Built using MERN stack with a focus on scalability and performance.
- Implemented features like property listing, user authentication, and booking management.
- Deployed on Vercel for frontend and Render for backend, ensuring seamless user experience.

EDUCATION

RBSE Board
Rajasthan

Secondary

RBSE Board
Rajasthan

Senior Secondary

Aryabhata Engineering College
Ajmer • 01/2021 - 01/2023

**Bachelor of Computer
Applications**

JECRC University
Jaipur • 01/2023 - 01/2025

Master of Computer Application

CERTIFICATIONS

JavaScript Certificate - Infosys
Springboard

DHTML Training Certificate -
Infosys Springboard

Creating Responsive Webpages
using Bootstrap 4

Task Management & Blog Application

- Developed a web application where users can add tasks, images, and captions.
- Implemented CRUD operations with React, Express.js, and MongoDB.
- Used Cloudinary for image storage and integrated authentication with JWT.
- Hosted frontend on Vercel and backend on Render.

Android App Deployment

- Built and deployed an Android app using React-Native & Ionic Capacitor to create cross-platform applications.

INTERNSHIPS AND TRAINING

React Developer Intern, Currently working on an Inventory Management Application using MERN stack., Developing features for managing stock, users, and real-time analytics., Implementing role-based access control and efficient database management.

SELF DRIVEN PROJECTS AND LEARNING

- Worked on various projects using the MERN stack.
- Explored ways to visualize GitHub repositories.
- Researched AI-based virtual assistant projects using GPT & Gemini.
- Enhanced AI knowledge through platforms like GitHub, W3Schools, and YouTube.

GITHUB AND PUBLIC PROJECTS

I actively contribute to open-source projects and maintain multiple repositories on my GitHub profile., SnapGram: A social media platform that allows users to share images and captions., RoomEase: A room sharing and renting platform built using MERN stack., Task Management & Blog App: A project that combines task tracking and blogging features with image uploads., Other mini-projects: Password generators, theme changers, UI color pickers, and API integrations.

FUTURE GOALS

- Expand my expertise in full-stack development and cloud computing.
- Gain hands-on experience with DevOps tools and deployment strategies.
- Enhance my knowledge of system design and scalability for large-scale applications.
- Stay up to date with modern web development trends and best practices.
